DJ Speakers & Pro Audio Equipment

GEMINI SOUND IS THE WORLDWIDE LEADER IN AUDIO EQUIPMENT AND SOUND SYSTEMS FOR DJS, MUSICIANS, AND HOME PARTY ENTHUSIASTS.

AS-2108P
500 WATT ACTIVE 8"
LOUDSPEAKER

- **PERFECT SOUND FOR YOUR PERFORMANCE:** With a 500 Watt Class D amplifier, the AS-2108P provides powerful, room-filling sound in a lightweight package. Get perfect playback with a linear frequency response between 60hz-20khz for clear, full-range sound. The 8" low-frequency woofer with a 1" voice coil and piezo high-frequency compression driver deliver true and clear audio as it was meant to be heard.
- **ENDLESS AUDIO OPTIONS:** The AS-2108P Portable PA system features 2 input channels with separate gain controls. Switchable Line/Mic XLR and 1/4" inputs plus RCA and 1/8" AUX in. Master high/low equalization controls allow you to dial the perfect sound. XLR mix output allows for connecting to additional speakers.
- **BUILT TO WITHSTAND EVERY SHOW:** The AS-2108P is rugged enough to withstand the harshest of show environments with the unit being housed in a super rugged ABS impact resistant nylon fiber cabinet. As an added layer of protection, the AS-2108P also utilizes a clip-led alert designed to prevent overheating.
- **TAKE IT ON THE GO:** For easier travel, the unit features an ergonomic top handle for worry-free carrying and the speaker is both flyable and stand mountable allowing you to get the most out of the unit. (Speaker Stand Sold Separately)
- **ULTRA COMPACT:** This super compact lightweight speaker packs such a huge punch, you won't believe your ears! You won't find sound like this in such a compact speaker at any price point.

AS-2110P
1000 WATT ACTIVE 10"

MDJ-500 PROFESSIONAL MEDIA PLAYER

GET MIXING WHEREVER YOU ARE

Built with Gemini's flagship technology, the MDJ-500 packs tons of professional features into a compact, cutting-edge media player. This is perfect for anyone that's trying to break into modern DJing, as well as the experienced DJ that's looking for a mobile solution. Thanks to its intuitive interface, you'll spend less time deciphering and more time experimenting. Creative controls are right at your fingertips with 4 hot cues and auto/manual looping. When used in conjunction with V-CASE, our free library management software, you can prepare your tracks ahead of time so when you are DJing, you can fully focus on your performance. By pulling your prepared beat grids and hot cues from V-CASE, the MDJ-500 allows for total control from a stand-alone player. If you're looking for a gateway to craft a mix that's uniquely yours, the MDJ-500 is the best bet.

MDJ-600 PROFESSIONAL CD AND USB MEDIA PLAYER

UNMATCHED FLEXIBILITY WITH POWERFUL PERFORMANCE

Looking to find your gateway to DJing? The MDJ-600 is exactly what you've come to expect from Gemini – more features, more intuitive layout in a compact size. It is a CD/USB media player that lets you DJ effortlessly from virtually any digital audio source. Designed for the best possible mixing experience, it has standalone functionality with high-resolution touch platter, large display, auto-looping, and many more innovative features to take your music to a new level. When used in conjunction with V-CASE, our free library management software, you can prepare your tracks ahead of time so when you are DJing, you can fully focus on your performance. By pulling your prepared beat grids and hot cues from V-CASE, the MDJ-600 allows for total control from a stand-alone player. With the best features, the MDJ-600 gets you effortless control in all demanding performances.

MDJ-900 PROFESSIONAL USB MEDIA PLAYER

INJECT NEW ENERGY TO YOUR MIXES

The MDJ-900 packs tons of professional features into a compact, cutting-edge media player. It's all about ease of use, letting you mix effortlessly without the need for external software. It has a large 8" screen with a touch-sensitive jog wheel, and while using Link and Sync modes it lets you connect up to 4 different PLAYERS with tempo matching on each MDJ-900 freeing you up to create more complex mixes on the fly. DJs will get a lot of bang for their buck with the MDJ-900. If you're looking for a gateway to craft a mix that's uniquely yours, the MDJ-900 is the best bet.

MM1 2 CHANNEL POCKET-SIZED DJ MIXER

THE PORTABLE DJ MIXER

Packing all the essentials needed to play, mix, and route audio, the MM1 is a 2-channel pocket-sized DJ mixer designed for DJs who need it all while maintaining a small footprint. Housed with a solid metal build, this portable DJ mixer has a complete range of performance essentials: 2-band EQ, multiple line-level sources, and dedicated cue function to preview your mixes - ensuring you sound perfect every time. Its smooth-glide crossfaders allow effortless transitions and mixing, and the channel EQ controls give you greater command when crafting your mix. With MM1, you get the power of a professional-grade mixer in a size which can fit in the palm of your hand. A truly mobile DJ mixer packing all the features you need.

MM1BT 2-CHANNEL PROFESSIONAL ANALOG DJ MIXER WITH BLUETOOTH INPUT

Ultra-compact 2-channel stereo mixer with built-in Bluetooth connectivity allows you to wirelessly stream music from your smartphone/tablet directly to your mixer. Fully functional DJ mixer with 2-line RCA inputs and 2-band rotary EQ with Gain control. Features screwless bottom panel for unobstructed mixing, rotary headphone volume control, and a smooth crossfader for flawless blends. Features 1/4" headphone output and a 1/4" microphone input with volume control.

MXR-01BT 2-CHANNEL PROFESSIONAL DJ MIXER WITH BLUETOOTH INPUT

Fully functional DJ Mixer with rugged all-metal chassis and a simple, easy to use layout. The MXR-01BT features a 1/4" microphone input with dedicated volume control and EQ plus multiple phono/line stereo channels, allowing up to 5 audio sources connected at once. Balanced and unbalanced Master outputs allow for easy connection to your sound system plus an independently controlled Booth output. Crossfader features VCA curve control and reverse switch and is easily replaceable. Built-in Bluetooth connectivity allows for wirelessly streaming music from your smartphone/tablet directly to your mixer.

TT-900 STEREO TURNTABLE SYSTEM

Gemini has developed the TT-900 turntable system for all music lovers - a combination of a turntable and sound system offers uncomplicated music enjoyment in your own living room. No matter if you want to listen to your favorite records quickly and easily or if you want to stream your music from your mobile phone or TV directly to the TT-900 via Bluetooth. The TT-900 can do both and also cuts a fine figure visually. Everything is included to get started right away. Simply mount the pickup, connect the cables and the device is ready for use. The volume of the system can be adjusted with dedicated volume control. Pitch control can be used to change the playback speed. The RPM can be switched between 33/45 and 78. The turntable system is available in 3 stylish color variants that easily incorporate into any room.

CDM-4000BT DUAL CD/USB MEDIA PLAYER WITH BLUETOOTH

STEP UP YOUR DJING

The CDM-4000BT USB/CD DJ Player is a powerful, cost-effective tool that provides easy-to-use track search and playback features across dual CD decks plus Bluetooth streaming. This standalone player allows you to leave the laptop at home; everything needed to play and mix is onboard. Combining powerful functionality with affordability, the CDM-4000 offers a versatile, all-in-one solution for mobile DJ rigs, club, and bar installations.

TT-4000 HIGH TORQUE DIRECT DRIVE TURNTABLE

- **BUILT FOR THE PROS:** DJs will feel right at home on this High Torque Direct Drive Turntable with fully adjustable counterweight, Battle/Club-style layout, statically balanced S-shaped tone arm with hydraulic lift and anti-skating mechanism.
- **RUGGED BUILD:** Redesigned chassis with reinforced housing construction and a precision-engineered die-cast aluminum platter for stable rotation. Optimized damping features and shock-absorbing feet help avoid unwanted noises and vibrations, even in loud club environments.
- **USB AUDIO INTERFACE:** Digitize your vinyl collection with high-resolution USB 2.0 Full Speed audio connectivity with a Sample Rate of 48k or 44.1k with 16bit Resolution, Audacity recording software included.
- **BUILT-IN PRE-AMP:** Switchable RCA line output with Phono/Line level output and ground post. Allows you to hook up to any receiver without the need for an external Phono Preamp.
- **VARIABLE SPEED:** Play records at 33, 45, or 78 RPM. +/- 10% variable pitch slider with strobe indicator for precision adjustment.
